### ***Additional information about the Learn to Skate program.***

Specialty classes are open to skaters who have passed Basic 6 or above.

Specialty classes focus varies each session. 6:15, skating skills, 6:45, spins and 7:15, jumps.

### **Skate Rental**

For those that need skate rental there is no additional fee to rent skates, just pick them up at the rental window.

### **New skaters**

If you are new to skating, WELCOME! Please dress in layers as it is cold but with movement skaters often warm up. Gloves or mittens are recommended. No scarfs please.

Protective Gear, is STRONGLY encouraged for new beginning skaters to wear a helmet. Adults are encouraged to wear wrist guards in addition to a helmet.

### **Practicing**

There will be a practice area coned off at the end of the rink. Registered skaters may use this area before or after their lessons. Practicing is VERY IMPORTANT to the skater's skill development, so please use this area on Monday nights. In addition there are public skating sessions available offered at area rinks. Please consult the rink's public skating schedule.

### **Missed lessons**

Since lessons are only held on one evening a week, there are no make up lessons on a different day. Lessons always are held unless the rink closes. You will be notified via email in the event the rink closes.

### **How to advance in the sport of figure skating or hockey?**

Our lessons are a part of the Learn to Skate USA program. This is national program with a graded curriculum. Our instructors are certified and professionally rated, are well versed in teaching and developing skaters. Please consult one of them with questions or the program director, Craig Bodoh so that your questions may be answered. Our goal is to ensure your skater develops skills while having fun out on the ice.

### **What is the WFSC?**

WFSC is the Wisconsin Figure Skating Club and is the organization that runs these Monday night lessons. The WFSC is the largest skating organization in the State of Wisconsin and assists skaters in achieving their skating goals at whatever level. There are many different disciplines in the sport of figure skating and our program is the foundation for participating in them.
